Kiang

Dear Sir / Madam

A Letter Of Recommendation

Greeting in the name of our dear Lord and Saviour Jesus Christ. It is with great joy that I write this letter as the priest in charge of the region soliciting for your support. May God bless your efforts and reward you a hundred fold.

It is indeed a blessing when people learn to help and this is one of its kind helping a school by upgrading its standards. Help is not really easy to come by these days and I know that the Good Lord who sees that which is done in secret will reward you all.

Kiang Batelling Lower Basic School is a loving and friendly environment that needs great help. The school presently needs two toilets and a fence round the school garden. Building the two toilets and fencing the school garden will go a long way in lifting the phase of the school. The school is desperately in need of these two supports as they are part of our urgent needs. The two toilets will help both teachers and pupils to have easy access to toilet facilities without over-crowding. The fencing of the school garden will help to protect whatever is planted there by the school. The produce will serve as income generation for the school when sold to the market.

I am therefore counting on your usual support and cooperation in making the school environment and education a conducive one for all.

Sincerely Yours

Rev.Fr. Amie Joseph Colley
